ABOUT

Birth date: **01.07.1998**
Gender: **Male**
Citizenship: **Bulgaria**
I live in: **Sofia, Bulgaria**

SKILLS

Strong understanding of modern **HTML and CSS**

Proficiency in **JavaScript** and its modern features (**ES6+**)

Experience with responsive design and CSS frameworks like **TailwindCSS**

Experience in building dynamic and interactive **SPA** with **React.JS**

Knowledge of **State Management** libraries like **Redux**, React Context, and Zustand.

LYUBOMIR ILIEV

Front-End Developer & UI/UX Designer

PERSONAL PROFILE

As a front-end developer with a strong eye for detail, my strength is in creating responsive, high-performance websites that blend sleek design with seamless functionality. With a background in UI/UX design, I excel at turning concepts into user-friendly, scalable web experiences. I am passionate about improving my skills and consistently applying best practices to deliver high-quality, intuitive websites.

WORK EXPERIENCE

IT COMMUNICATION & DISSEMINATION MANAGER

UBBSLA | July 2023 - present

- Developed **React Websites (SPA)** with responsive design, ensuring high performance and excellent user experience.
- Implemented **authentication** using **Firebase**, state management with **Redux** and **Context API**.
- Integrated external **APIs** using **Axios** and **Fetch** to seamlessly retrieve and display dynamic data, enhancing site functionality.
- Designed **wireframes** and **UI in Figma** before coding, focusing on simple, clean and fast-loading websites.
- Utilized **TailwindCSS** for efficient styling, and deployed applications on Superhosting to ensure scalability and performance.
- Integration with **Google Maps API/Stripe** payments and more.

GRAPHIC DESIGN & UX/UI

FREELANCE | (2018-2023)

- Design brand identity for various Bulgarian companies - El Shisha, Vapy, Fitty.
- Design logotypes, web pages, banners, flyers, billboards, social media content, menus, woblers and more.
